13 SECURITY LEADS

Carol Riordan — CARROLLTON

Hello! I'm wanting to purchase a doorbell camera along with inside and outside cameras. What brand do you recommend, and what equipment will I need? Is hard-wired more reliable than battery-powered?

Nicole Davies — FRISCO

Does anyone have recommendations for an alarm/security system/company that does not require a contract? Brinks and ADT require way too long of a contract.

Kaylin Latimer — FORT WORTH

Looking for someone who can install a Ring doorbell.

Kelendria Cook — ARLINGTON

Any suggestions on a good reasonable home security system, or someone that provides and installs cameras that I can control/monitor on my own phone?

Kara Ral — LANCASTER

Looking for a handyman to install a Ring doorbell camera and a floodlight above the garage.

Syeda Rumana — MCKINNEY

Looking for an affordable electrician to install ceiling fans and Ring doorbell.

James Christol — PLANO

Hey! Can anyone help installing a Ring doorbell to my front door? It's hard wired. Thank you.

Sidrah Jamil — ALLEN

Is there someone who can help me install security cameras in my house? How much would they charge? Any leads appreciated. Thanks.

Joseph Griffith — CARROLLTON

Looking for a licensed electrician in the Carrollton area who can give a quote on extending/upgrading wiring for exterior floodlights and security cameras, using the existing power source if possible.

Josh Mark — MCKINNEY

Looking for contractors qualified for installing/configuring security cameras for businesses. Access-control experience or fire-security licenses would be a bonus too.

Vicki Wilson — MCKINNEY

Can anyone recommend someone to install a Ring camera and lights on my garage?

Betsy Palmer — PLANO

We are considering a home security system. Does anyone have any recommendations or companies they use that they've been happy with? Appreciate any input. Thank you.

Larry Linden — FAIRVIEW

I need someone to install security cameras. Any suggestions?
